Escrows	 ♦ 5% fixed on remaining loan balance ♦ Escrow waiver allowed with minimum FICO 720 & 12 months of reserve
L	ong-Term Rental Documentation and DSCR Calculation
	 Monthly gross rent is to be evaluated for each unit individually. If using the lower of the actual lease amount or estimated market rent, nothing further is required. If using a higher actual lease amount, evidence of 2-months of receipt is required, and the lease amount must be within 120% of the estimated market rent from the 1007/1025. If the actual rent exceeds the estimated market rent by more than 120%, the rents are capped at 120%. If using a higher estimated market rent from 1007/1025, it must be within 120% of the lease amount. If the estimated market rent exceeds the lease amount by more than 120%, the estimated market rent exceeds the lease amount is capped at 120%. A vacant or unleased property is allowed without LTV restriction.
	 Unit subject to rent control or housing subsidy must utilize current contractual rent to calculate DSCR.
Refinance Transactions	 Required documentation: Original appraisal report reflecting tenant-occupied, and FNMA Form 1007 or 1025 reflecting long-term market rents, and Executed lease agreement Leases that have converted to month-to-month are allowed. Monthly Gross Rents are determined by using the actual lease amount or estimated market rent from 1007/1025. Monthly gross rent is to be evaluated for each unit individually.
	 If using a higher actual lease amount, evidence of 2-months of receipt is required, and the lease amount must be within 120% of the estimated market rent from the 1007/1025. If the actual rent exceeds the estimated market rent by more than 120%, the rents are capped at 120%. If using a higher estimated market rent from 1007/1025, it must be within 120% of the lease amount. If the estimated market rent exceeds the lease amount by more than 120%, the estimated market rent is capped at 120%. A vacant or unleased property is allowed, LTV reduction not required. Unit subject to rent control or housing subsidy must utilize current contractual rent to calculate DSCR.
DSCR Calculation	 Debt Service Coverage Ratio is the Monthly Gross Rents divided by the PITIA of the subject property. Gross rents divided by PITIA = DSCR

Definition & Example	 ♦ Short-term rentals are properties which are leased on a nightly, weekly, monthly, or seasonal basis. ♦ e.g., Airbnb, VRBO, FlipKey 		
Purchase & Refinance			
	- 70% for a purchase and 65% for a refinance, or		
	- the LTV based upon the DSCR/FICO/Loan balance. (Excludes Condo Hotel)		
DSCR Calculation	♦ Monthly gross rents based upon a 12-month average to account for seasonality required.		
	 Gross rents reduced by 20% to reflect extraordinary costs (i.e., advertising, furnishings, cleaning) associated with operating short-term rental property compared to non-short term property. If the rental documentation referenced below includes expenses, actual expenses should be compared to the 20% expense factor. If actual expenses are less than 20%, a minimum 20% expense factor is required to be utilized. If actual expense exceeds 20%, the actual expense factor should be used. 		
	 ♦ (Gross Rents * .80) divided by PITIA = DSCR. 		
	When short-term rental income is documented using multiple sources, the lowest source of monthly income is to be utilized for calculating DSCR.		
Gross Monthly Rental	Any of the following methods may be used to determine gross monthly rental income:		
	 Short-term rental (STR) analysis form or 1007/1025 may be used. The analysis must include the following: Provide the source of the data used to complete the STR analysis. Include comparable STR properties, focusing on room count, gross living area (GLA), location, and market appeal. Include daily rental rate and occupancy percentage. Factor seasonality and vacancy into the analysis. Must be completed by a licensed appraiser. 		
	 The most recent 12-month rental history statement from the 3rd party rental/management service. The statement must identify the subject property/unit, rents collected for the previous 12-months, and all vendor management fees. The qualifying income must be net of all vendor or management fees. 		
	• The most recent 12-month bank statements from the borrower/guarantor evidencing short-term rental deposits. Borrower/guarantor must provide rental records for the subject property to support monthly deposits.		
	 AIRDNA Rentalizer/Property Earning Potential Report accessed using the Explore Short-Term Rental data must meet the following: Rentalizer (Property Earning Potential Report) Only allowed for purchase transaction 		
	- Gross rents equal the revenue projection from the Property Earning Potential Report less the 20% extraordinary expense factor		
	 Forecast period must cover 12-months and dated 90-days within the Note date Maximum occupancy limited to 2 individuals per bedroom 		
	 Must have three (3) comparable properties similar in size, room count, amenities, availability, and occupancy 		

Prime Foreign National DSCR (PFV)
